DELTACO

Smart Floodlight with built-in PIR sensor, 20W

SH-LFL01

With this floodlight equipped with a PIR sensor, you can brighten up your surroundings. Its advanced motion-detection technology automatically illuminates the area as soon as any movement is detected within its range, giving you a clear view of any potential hazards.

Whether it's for security, convenience or peace of mind, this floodlight with a built-in PIR sensor* is the perfect addition to any business or home. The floodlight is not just powerful but also energy-efficient thanks to its LED lights and customizable timer settings, providing long-lasting illumination that is perfectly suited to your specific requirements.

With the DELTACO Smart Home app, you take care of all the management for your lights. Installation is quick and smooth without the need for special hubs or gateways - all you need is a working wireless network. In the app, you can control individual lamps separately or divide them into different rooms to easily manage a group of lamps. In addition to turning a light on or off, you can also set a timer if you want the light to turn off after a certain time. Alternatively, you can schedule specific times when it should be on or off.

In the app there is also the possibility to create automatic actions. For example, the light comes on when the sun has gone down, or if you want to group more lights together to do the same thing at a given time.

The DELTACO Smart Home app is available for free for both Android and iOS!

A PIR (Passive Infrared) sensor is an electronic device that detects the presence of infrared radiation emitted by objects within its field of view. The Flood Light can be set to turn on when detecting motion.

USP

- **Several smart functions**
- **Wi-Fi (Frequency: 2.4 GHz)**
- **Adjustable color temperature**
- **Motion detection**
- **Dimmable**
- **5 years warranty**

Specification

Product depth	60 mm	**Cable length**	1m (EU Plug)
Product height	128 mm	**Motion detection**	Yes
Product weight	370 g	**Compatibility**	DELTACO Smart Home app
Product width	157 mm	**Compatibility, voice assistant**	Yes (Amazon Alexa & Google Assistant)
Color	Black	**Smart functions**	Schedule, automation, tap-to-run
Warranty	5 years	**Working temperature**	-20 to 40°C
Color temperature	3000-6500K (Kelvin)	**Network protocol**	IEEE 802.11 b/g/n
Brightness	1620 lm (lumen)		
Lifetime	25.000h		
Dimmable	Yes (in app)		
Wi-Fi Frequency	2.4 GHz		
Effect	20W (Watt)		
IP Classification	IP65		

Logistics data

Item nr	SH-LFL01
Country of origin	China
Master carton height	190 mm
Master carton width	675 mm
Master carton depth	345 mm
Master carton weight	11.5 kg
Master carton quantity	20 pcs
Sales unit height	170 mm
Sales unit width	162 mm
Sales unit depth	65 mm
Sales unit gross weight	565 g
Sales unit net weight	370 g
Sales unit bar code	7333048058737
